Remarkable Record Set Forth in Letter by the President on Signing Bill.

NEW LAWS: NEW OUTLOOK

Form Loan Act, Federal Reterve Bank, Provisions for Warehouse and Markelling Facilities Are Part of Program Executed by Democrats.

No adjumbstration has ever done so runch to solvance the agriculture in breests of the United States as that of Freezilent Wilson. The proofel if act forth callely and effectively in a letter writing by the Prisident to Con-gressian A. F. Lever, Charman of the Committee on Agriculture of the Botte of Representatives, as follows:

THE WHITE HOUSE. Washington.

August 11, 1916. My Chir Mr Lovers

In this space me much sentishering an appeared today the lift matter upproportions for the Department of Agriculture for the recoil year cooling. June 10, 1917, and not miver purposes, because the full test cells analyse very proportion provides for the improve-tions of furnity production in the nafrom and few investigations untl-demon-strations in the field of the marketing or farm crops and of the organization of earnt tipe, but also contains those well considered measures the agend to age and financing of Stable coars. As the process of this bill marks the procedual completion of an important part of the program, for the believement of cural life which was mapped one at the beginning of the administra-tion, a feet that I cannot let the or-guston passe without requesting to you more soon associates in tools however my approximation of the acceler ren-dered to the nation in strengthening

Its great environment foundations.
